DESK

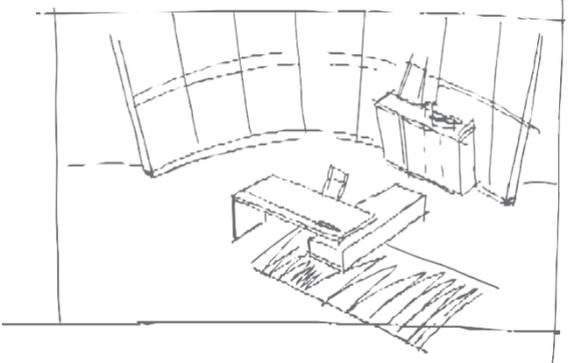

new golden walnut

Developing the CEO furniture line, we created a new color of 2020 - golden walnut veneer. This stunningly beautiful colour make the office look imposing and elegant. Thanks to its design and perfect combination of the dye colours and the wooden textures, CEO collection is one of the most perfect furniture series designed for the business interior.

DESK

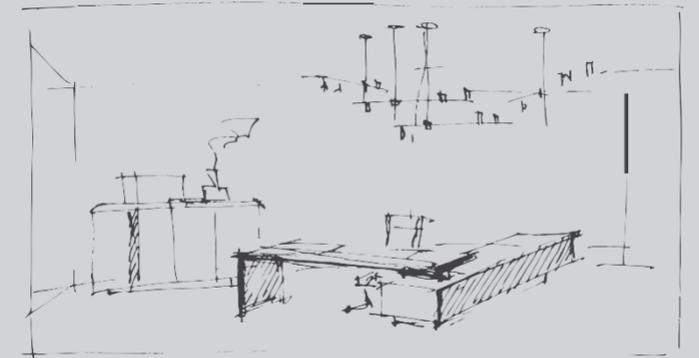

walnut byday

Plain geometrical shape of the CEO desks forms a harmonic combination with the colour and texture of american walnut veneer. Due to the special wood treatment technique of "open pore" lacquer application, the natural walnut colour pleases the eye with extraordinary brightness and beauty. The white glossy finishing of the cable tray and insets at the side unit make the table design look especially luxurious.
