

Kayt Village

A symbol for Community

Kayt Village is an intelligent furniture collection that promotes dynamic work environments. Offering employees the freedom to seek out the optimal environment for the task at hand, each piece plays a part in creating a unique community for its people.

Introducing Kayt Village

Blur the lines of furniture & architecture

Kayt Village is solid yet striking. The angular forms add definition and structure to a room, allowing for easy implementation and flexible space reconfiguration without interfering with a building's structure.

Kayt Nook and Kayt Hutch are space efficient solutions that can activate small spaces or otherwise unutilised transitional spaces. Creating semi-enclosed areas in open workspaces, Kayt Village enables balanced and active working environments.

Spaces for diversity, empowering people

Kayt Village features three products: Cabana, which creates areas for communication; Nook, which provides places to retreat for concentrated work; and Hutch, which can be configured for both meeting and individual working settings.

Every worker has a different preference for when and how to concentrate. Kayt Nook and Kayt Hutch help creative workers focus in order to generate innovative ideas.

Acoustic cocoon, enhanced connectivity

Proving a place for easy communication or retreat and relaxation, Kayt Village's room within a room enables privacy. Responding to the necessity for noise reduction in open plan spaces, Kayt Village helps to absorb disruptive sounds in the surrounding environment.

Without sending participants behind closed doors, Kayt Cabana can spontaneously serve as a meeting space, video conference room, telephone booth, reading corner or quiet spot for a coffee break. Featuring full multi-media facilities and integral, programmable lighting, Kayt Cabana is ideal for connecting people.

Complementary furniture

Tables

From a choice of a 4-star base or T-leg, Krossi tables form a basis for productive discussions. Featuring a unique top that allows for easy entry and exit into Kayt Cabana, the Krossi Tables are available in a variety of laminates, veneers and powder coats from the ColourLab range.

ColourLab

Schiavello’s innovative ColourLab brings a considered and cohesive palette of finishes to working and living spaces. Curated by Giulio Ridolfo and developed by Schiavello, the palette beautifully balances colour, texture and layering across a variety of materials.

Ecology and sustainability

Schiavello's most important commitment to sustainability is the company-wide Environmental Management System under ISO 14001. The environmental design principles realised mean we design for the environment, focusing on efficient energy use and minimum emissions, longevity and durability, re-use and recycling of our products.

Our principles of ME WE (Materials, Energy, Waste Emissions) give us a simple way to think about how our operations impact the environment.

Printed on an Australian made paper stock that is PEFC Certified and made from elemental chlorine-free bleached pulp sourced from sustainably managed forests and non-controversial sources. It is manufactured by an ISO 14001 certified mill using renewable energy sources.

About Schiavello

Schiavello is a multi-disciplinary company dedicated to developing intelligent, inspiring, ecological and resilient solutions for the office, the home and public spaces.

Schiavello's concepts and products are developed in Australia by applying a design process that brings together the company's core design principles and engineering with the creativity of local and international designers.

The Schiavello head office and world-class manufacturing facilities are integral to our continually developing rich tapestry of knowledge. This knowledge ultimately assists us in informing the right solutions and tools for each organisation's needs and people, allowing us to consistently achieve our philosophy that 'Anything is possible'.
