

# MART SOFA

designed by Vincenzo Vinci & Alex Chai

SEATING — SOFA

Design of Mart not only shows the designer's gratitude to her father's love, but also reflects the father's edification "doing everything meticulously" in the process of design. Mart sofa has a full and smooth line as shells'. The rounded body of the seat with a simple and delicate black base like floating in the air gives sofa a sense of mystery.

With this simple design, Mart can be used in office or leisure area, like café, library, home and other scenes, meeting your business or residential needs.
