MULTI-PURPOSE

Bracket chair series is designed for use in both domestic and public spaces. The series includes chairs, armchairs and bar stools in two heights.

All models are stackable, making the range suitable for restaurants and educational facilities with the need for transformable areas.

BRACKET

just as the empty spaces between the frame and the backrest define the shape. The simple construction in veneer and steel tubing leads the mind to older French factory chairs, giving Bracket its industrial notes.
